

Redesigned Military Colours on the Parade Ground

What drew special attention in the grand military parade held in Kim Il Sung Square in the capital city of Pyongyang on February 8 in celebration of the 75th founding anniversary of the Korean People's Army were the military colours that led the parade.

In the course of implementing the ideas and line of the Workers' Party of Korea on army building, the Korean People's Army has recently expanded and reformed many units of its arms and services, renewed their tasks in line with the new situation and environment and changed the strategic and tactical missions of the units in general. The colours of units have been redesigned with this as the background.

The redesigned colours made their debut in the parade, demonstrating their dignity and honour.
