

National Flag Portrayed on Crop Field

This is the national flag of the Democratic People's Republic of Korea, portrayed on Orori Plain in Anak County, South Hwanghae Province, a major granary in the country.

A farmer in Oguk-ri, Anak County, said:

“We felt so proud and honoured when the national flag was portrayed on a field permeated with our sweat and devotion. I will fulfill the duty I have assumed for my country.”

The national flag portrayed on the field swaying with a bumper crop seems to show the burning enthusiasm of the farmers of the country to bring earlier a new era of rural rejuvenation.
