Area of DPRK

Pyongyang, April 22 (KCNA) -- People began to move into new apartment houses in the Hwasong area of Pyongyang, the capital city of the DPRK, where a new street appeared as a grand monument symbolizing the great era of the Korean-style socialist construction.

The respected Comrade **Kim Jong Un** attended the inauguration ceremony of the first-stage 10 000 flats in the Hwasong area and cut the inauguration tape and hoped the working people moving into the new houses would enjoy a happy, harmonious and worthwhile life generation after generation.

Trucks carrying household goods arrived in the new street one after another from July 21, a thriving street under socialism associated with the love of the great father to provide our people with all happiness.

Officials of the construction headquarters for 50 000 flats in Pyongyang city, commanding officers of the Korean People's Army who took part in the housing construction, officials of the Party and power organs in the city and military-civilian builders congratulated working people who moved into the modern houses given by the Party and the state free of charge.

Dancing parties were displayed in different parts of the street and voices of people's gratitude to the motherly Party could be heard from each house in the new street. -0-
